Dear Mr. Martin:

Your generous contribution of \$400 to The Michael A. Brown Community Fund is greatly appreciated. It will enable us to assist DC residents in a variety of ways, including rental and utility assistance, and other forms of direct support.

The current economic challenges have caused far more citizens than usual to reach out to us for assistance. Our ability to help them depends largely upon the contributions that we receive from concerned donors such as your self.

Again, on behalf of the residents of the District of Columbia, I thank you for your support.

Sincerely,

Michael A. Brown  
Councilmember, At-Large
